Qualifying Experience(s): _____

Why do you wish to serve? _____

Appointed: _____

(Date)

The Town of Micanopy Land Development Code provides for three citizen boards to broaden citizen involvement in the important issues facing Micanopy. The members of each board shall annually elect a chair and vice chair from among the members and may create and fill other offices as the board deems needed. Citizen involvement in Town governance is critical to the future of our Town and to maintaining a consistent set of policies governing growth and development within our borders. Members are appointed by the Town Commission and may be removed without notice and without assignment of cause by a majority vote of the Town Commission. This guideline provides information regarding the different boards, their duties and composition, and requests your involvement in Town governance by asking for your participation in filling all of these boards.

Planning and Historic Preservation Board (P&HPB): The Planning and Historic Preservation Board consists of five members, appointed to staggered three-year terms, and an architect serving as an advisor to the Board. In addition to the planning-related and historic preservation-related duties and responsibilities assigned in the Land Development Code (LDC), the P&HPB members shall obtain and maintain information on population, property values, the land economy, land use and other information necessary to assess the amount, direction and type of development to be expected in Town. Additionally, the Board shall monitor and oversee the operation, effectiveness and status of the Code and recommend amendments consistent with the comprehensive plan to the Town Commission. It is the P&HPB's responsibility to keep the Commission and general public informed on the Town's land use policies and status of historic preservation efforts and compliance. Those applicants with experience or interest in the field of planning and/or historic preservation shall receive special consideration from the Commission when applying for membership to the Board.

Code Enforcement Board: The Code Enforcement Board consists of five members and two alternate members, appointed to staggered three-year terms. Its duties are to hear cases regarding violations of the Land Development Code (LDC) and the Building Code; subpoena violators, witnesses, and evidence; take testimony under oath; issue orders commanding actions necessary to bring code violations into compliance; and impose fines, as necessary.

Tree Preservation Committee: The Tree Preservation Committee consists of three members, appointed to staggered three-year terms, whose members are recommended by the Mayor and approved by the Commission. Notice of any application for authorization to remove a tree shall be provided to the members of the Tree Preservation Committee. The Tree Preservation Committee shall be provided with a reasonable opportunity to comment to the permitting authority prior to the issuance of the proposed development activity.
