A water main break has occurred at the corner of Seminary Avenue and Tangerine Street near the Micanopy Area Cooperative School.

Therefore, as a precaution, we advise that all water used for drinking, cooking, making ice, brushing teeth, or washing dishes be boiled. A rolling boil of one minute is sufficient. As an alternative, bottled water may be used.

The water line break has been repaired, but this 'Precautionary Boil Water Notice' will remain in effect until a bacteriological survey shows that the water is safe to drink.

If you have any questions, you may contact Debbie Gonano, Micanopy Town Administrator, at 352-466-3121.
