6.	Establish Budget for Data Recovery - Erik Herrera, Geek 3, presented	
	Erik came to our office on August 24, 2021 and discussed our shared drive problem with us. Upon careful inspection of our shared drive at his office he found that he could not repair the drive and with our Town Administrators approval he sent the drive to a company called Drive Savers in Novato, California on August 25, 2021. Drive Savers is a very reputable company and has many branches, has a very good reputation, and they can be very expensive. Geek 3 has partnered with other companies and Drive Savers is the best, they will give Erik a price sheet which Erik will give to us and then we will work directly with them. Discussion ensued at length.	
	Motion made and seconded (Roberts/Blakely) to give Erik, Geek 3 permission to look at our computers; passed 3-0	
	Motion made and seconded (Roberts/Blakely) to authorize the data recovery group in California up to \$20,000.00 if they are successful with our data recovery; passed 3-0	
7.	Adjourn: 6:51 pm
